

Easec is a specialist provider of Veteran rehabilitation and career transition services, having worked with the Veteran population for over 20 years.

Our in-depth understanding of the unique needs of our Veteran community enables us to support their transition and live fulfilling, meaningful lives. Easec has over 70 Rehabilitation Consultants nationally who are dedicated to providing rehabilitation services to Veteran clients. We are proud of the capabilities of our Rehabilitation Consultants who draw from expertise in vocational rehabilitation and Veteran lived experience.

Our credentials are supported by our Comcare Accreditation and appointment as preferred provider on national and state Workers' Compensation Insurance systems, and Life and Income Protection Insurers, where we specialise in returning injured individuals to work in suitable new employment.

We are an expert multi-disciplinary team who deliver quality services and real outcomes throughout Australia. Our comprehensive National office network is supported by permanent Easec employees located locally in those regions.

Specialising in

- ▶ Veteran Services
- ▶ Careers Services
- ▶ Return to Work
- ▶ Injury Prevention
- ▶ Early Intervention

- ▶ occupational rehabilitation
- ▶ injury management
- ▶ career transition
- ▶ workplace wellness

Easec has a specialist team of Careers Consultants who support our Rehabilitation Consultants with expertise in job placement, job search preparation and training, resume writing, professional profile development, and host employment. We have a database of loyal employers who provide us with work experience programs on a regular basis. We offer a suite of services to assist with sourcing, applying for, and securing new employment. We do this whilst providing support, encouragement and advice. We are specialists in the management of long-term claims, and work with complex cases where physical, psychological and psychosocial factors compound and influence the rehabilitation and return to work process.

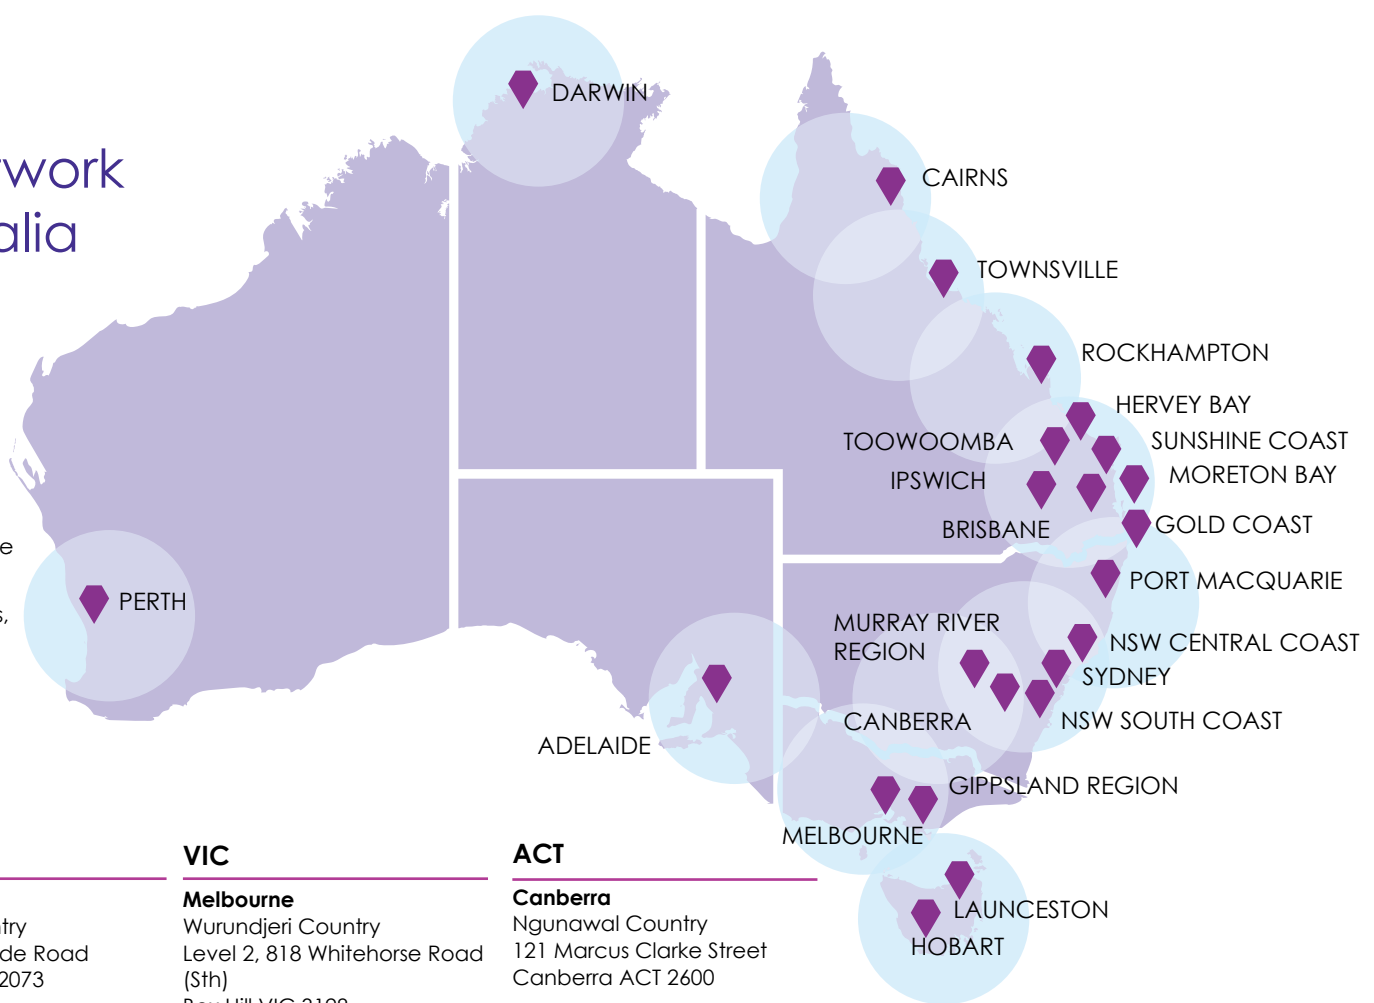

Together we're committed to **making it work.**

Because everyone's journey back to wellness is different

- › occupational rehabilitation
- › injury management
- › career transition
- › workplace wellness

Our Network in Australia

From a strong foundation throughout Queensland, Easec extends our boutique and personalised approach to a national scale through our comprehensive office network.

Our multi-disciplinary team of experienced Rehabilitation Consultants are geographically located close to our key client groups and provide genuine knowledge of and commitment to their local communities.

Face-to-face services are supported by state-of-the-art telehealth facilities, which results in highly effective and efficient communication systems.

With the addition of a well-resourced quality and support structure our clients benefit from our unmatched depth of expertise throughout Queensland and Australia.
